Call Close: 31 August 2009, 17:00 h Brussels time
Evaluation: 14 to 19 September 2009

Financial assumption:
Max. funding = 75% of max. budget

The Outcome of the Evaluation (1/2)

Budgets and Expected EC-Contribution after Evaluation			
Integrating Technology Demonstrator (ITD)	Research Topics Covered	Maximum Budget acc. Call [M€]	Maximum Funding acc. Call [M€]
Green Regional Aircraft (GRA)	28	4,888	3,666
Green Rotorcraft (GRC)	3	4,367	3,275
Sustainable and Green Engine (SAGE)	7	11,2	8,4
Smart Fixed Wing Aircraft (SFWA)	7	4,25	3,188
Systems for Green Operations (SGO)	15	9,53	7,148
Eco-Design (ECO)	No topics open in this category		
Technical Evaluator (TE)	No topics open in this category		
Total	60	34,235	25,677

- 72 research topics → 216 proposals submitted
- 33 proposals declared ineligible by Eligibility Committee
- 7 topics without proposals
- 5 topics without proposals of sufficient quality
- 60 remaining topics covered → 60 proposals designated for negotiation

The Outcome of the Evaluation (2/2)

Organizations in Consortia	
Type of Organization	Number of Participations
SME	43
Industry	36
Research Organisations	18
Higher Education	22
Other	4
Total number of participations	123

Preliminary data!

This analysis bases on the non-validated self-declaration of the proposing partners.
Valid figures shall be available after negotiation phase and final validation of data.

The Evaluation Summary – the Observer

...”Overall the evaluation was well organized and can be described as generally fair, impartial and according to the rules”...

Mark P. Pfeiffer, the Observer of the Evaluation

... but we take into account for the future some lessons learned.
